M.A.Y. ENDOWMENT FUND

Did you know that M.A.Y. Mentoring has an ENDOWMENT FUND?

After Ed May Jr. gave seed money for M.A.Y. Mentoring in honor of his parents, his family, including himself, his mother and sisters, donated money for an endowment fund for M.A.Y. The May family was hoping that if other families could contribute to this, that someday M.A.Y. could function mostly off of the interest of this fund. To date, M.A.Y. has not used any interest from this fund and the M.A.Y. Advisory Board hopes to see it grow!

M.A.Y. began 20 years ago and hopes to continue for many more years, reaching and helping more students in many ways. Support, encouragement, positive relationships are essential for youth development.

Please consider M.A.Y. Mentoring's endowment fund for memorials or estate planning. Contact your accountant or your funeral home directors to learn more about the option of contributing to the M.A.Y. Endowment Fund.
