

Shenandoah CSD Board Approved Special Circumstance for Minor School License

The Iowa DOT has adopted a new minor school license that requires the board to determine if a special need exists for a student to be granted a minor school license that lives less than a mile from the school.

The Board has approved the following criteria:

- The most direct route to and from school is deemed unsafe or has road construction that is anticipated for an extended period of time.
- Parent/guardian work hours are consistently scheduled at a time that interferes with the student attending school or participating in school-sponsored activities unless the student is permitted to drive.
- Either the student or parent/guardian have a medical need or physical disability that interferes with the student attending school or participating in school-sponsored activities unless the student is permitted to drive.
